

# NutriGrow

## Veggie Boost Premium Blend

Handcrafted in the BC Interior, Veggie Boost Premium Blend is a careful mix of OMRI organic compost, mushroom manure, sand, silt, and fibre fines. Our Veggie Boost Premium Blend is locally sourced, rich in nutrients, and specifically designed to benefit your home vegetable gardens and urban agriculture projects.

### Usage

Apply to vegetable and flower gardens, blend or top-dress with existing soil, and general use in urban agriculture projects.

### Core Benefits

- Versatile
- Well balanced with nitrogen for nutrients and high carbon for slow release
- Organic
- Natural water holding capacity, with draining elements
- Environmentally sustainable
- Locally sourced ingredients
- Low maintenance
- Cost effective, safe and proven product
